The franchise of easy digestion—one of the most valuable in the gift of medical science can be secured by any person wise enough to use Hostetter's Stomach Bitters, either to suppress growing dyspepsia, or to uproof it at maturity. Billious, rheumatic and fever and ague sufferers, persons troubled with nervousness and the constipated, should also secure the health franchise by the same means.

Reduces the labor, time and drudgery of washing and cleaning onehalf; besides gives better results; takes out what soap wi not; and, in doing away with most of the rubbing, save the worst of the wear and tear-your clothes are ruine more by washing than wearing. Among your friends are those who use it-they will confirm the above. JAMES PYLE, New York. Beware of imitations

THEY DO NOT ADVERTISE. The physicians of the Catarrh and Dyspepsia Institute, at 22 Ninth street, do not advertise, properly speaking, but publish from time to time testimonials of patients they have cured—never publishing the name of any patient without their full consent. They have hundreds of testimonials from patients cured who live in this city and elsewhere, to which they would gladly refer and invite sharp criticism. Remember, the testimonials published are not from some far off country where no one resides, but from your own city and at your own door.
What better evidence can be given? If these
physicians have cured cases so much worse
than yours, they certainly should not fail in curing you.

They only accept for treatment patients suf-

fering from the diseases of their specialty—catarth, rheumatism, dyspensia, bronchitis, asthma, ulcers, seminal weakness, salt rheum, kidney, blood, liver and female diseases.

Office hours, 10 A. M. to 4 P. M., and 5 to 8 P.

After thanking the general public for a most generous support and an unheard of Holiday patronage, we desire to correct an impression that is errone-ous, viz.: that we were going to leave town the first of the year. We leased our present headquarters for a term of 3% years, and are now receiving large shipments of rare and unique novelties, which we will sell as heretofore, at lower prices than were ever before offered to an appreciative public.

DEAR SIR—I cannot say too much for Pratt's
Aromatic Geneva Gin, as I was a great sufferer
for five years with my kidneys. Tried all of the
kidney medicines and two doctors without being cured. I was part of the time on my bed
and could not get up, or even turn myself over.
I bought one-half dozen bottles of your gin,
and before finishing them was well; but fearful
that it was not a permanent cure, I used an
other half-dozen, and am now perfectly well.
Very respectfully, M. L. BYINGTON.

After New Year's Kaufmanns' will "take stock." It goes without saying that we'd rather count dollars than garments. At inventory a merchants' stock should be the smallest, yet our stock, despite the booming holiday trade we've done, is still enormous. Never before were we called upon to inventory such a gigantic assortment of merchandise. What are we to do? Well, we won't sit with our hands in our lap and bewail our fate. Inventory is not yet here. Depend on this: We shall work like beavers to reduce our stock during the intermediate days. We are determined to turn a large portion of our stock into cash previous to inventory. To do it without fail
